Summary	SkyLeader 600 is the most spacious light sport airplane on the market. Your safety is our concern, therefore the GRS ballistic recovery system is an option for all SkyLeader models. With a base price below \$100,000 the possibilities to customize your SkyLeader 600 to suit your needs, desires and pocketbook are nearly endless. Want a more powerful engine? OK. Want an adjustable prop? Sure. And you can trick out the interior with fabric or genuine leather upholstery in a variety of styles and colors. SkyLeader 600 is manufactured in four configurations - Basic, Training, Cross-Country and Top Class. Prices and equipment levels vary, but of course you may further customize any of the configurations to suit your wants, needs and pocketbook.
